

Announcement!

Continuing our policy of rate reduction, The United Power & Light Corporation (of Kansas) announces that it is filing with the Corporation Commission of the State of Kansas new and lower rate schedules to apply to our residential and commercial business in the City of Kinsley. These schedules are to be effective on bills rendered on and after May 1st, 1935, and are as follows:

COMMERCIAL:

8c per KWH for the first 30 hours use of demand per month
5½c per KWH for the next 60 hours use of demand per month
3c per KWH for excess above stated amounts
The minimum charge and all other terms will remain the same.

RESIDENTIAL:

	Net
First 30 KWH used per month	8c per KWH
Next 70 KWH used per month	5c per KWH
Excess KWH used per month	3c per KWH

The minimum charge and all other terms will remain the same.

Reviewing our rate reduction program since the beginning of 1928, we have made thirteen rate reductions in our various rates applying in the City of Kinsley. Practically the same number of reductions has been made in all the communities served by The United Power & Light Corporation (of Kansas) and since the beginning of 1928 has effected an average reduction of over thirty-three and one-third per cent in the cost of electricity purchased under our commercial and residential schedules.
